- **Health Fund ID** – used to electronically identify the fund
- **Identifying Digits** – used to identify Patient /Client cards used by each fund
- **Consolidated Settlement** – used to identify how payments are made to the Practice. Consolidated settlement means that one payment is made per day for all claims from a Practice. The practice is identified by its Merchant ID number (MID). This is no longer used by BpAllied as it is taken care of by Tyro.
- Funds with a red strikethrough are no longer active.
